

Video recordings must be submitted as part of your application. Instructions on how to do this are below. You will also be sent these instructions along with a private Google Drive link to charts and backing tracks once we receive your application form.

**NB PLEASE DO NOT EMAIL INDIVIDUAL VIDEOS** as you will be asked to resubmit via the Jazz Video Upload Form.

## DEADLINE

Recordings must be submitted NO LATER than midnight on 18 October 2021.

## SUPPORT

You must play your pieces with accompaniment. Backing tracks for all the charts will be available in the private Google Drive link provided and you can choose to use these for practice and for the recording itself. However, if you play regularly with an ensemble, you may prefer to ask the rhythm players to accompany you; or you may wish to enlist the help of a teacher who could accompany you on the piano; if possible due to social distancing recommendations.

## GUIDELINES

1. Applicants will be asked to record two pieces (chosen from the selection in the Google Drive folder)
2. Applicants must present the intro, melody and at least two choruses of solo (with improv if possible) for each piece, and comp if appropriate to their instrument
3. Candidates may choose tempo and feel
4. Drummers should demonstrate a range of standard jazz-related grooves within their two chosen pieces, for example samba, 3/4 swing and even 8s ECM style
5. If appropriate to their level and experience of playing jazz, pianists, guitarists and drummers must demonstrate an interactive, small group approach; pianists must comp for a bass solo, guitarists for a piano solo

## RECORDING QUALITY

1. Please be sure to use a well-lit space. Place the camera on a tripod or flat surface and ensure that you, your instrument and accompanist(s) are in the frame at all times
2. Before making the recording, test the audio levels to make sure that there is no distortion to the sound during the loudest passages of your pieces. Also be sure that the softest dynamics used can be heard
3. Other than stopping and starting your camera/recording device between pieces, **NO editing of the video is permitted**. Recorded auditions showing evidence of any unnecessary cuts, splicing, manipulation of pitch or any other alteration will not be accepted

**Please Note:** If we do not consider your recording to be of sufficient quality you may be asked to re-record it.
